What brings you Joy?

For me joy is an everyday choice that helps me feel good about the world around me. I am passionate and open hearted. I believe in the truth and the pursuit of happiness, not only for me but also for those around me. I enjoy sharing joy, being open to and serving others. This gives purpose to my life.

What is a song or a piece of music that has made an impact on your life and why? And travel anywhere...?

At times, when life becomes difficult, I bring happy moments to memory. I remember when I was 13 or 14 years old my parents took me to the theatre to watch "The Sound of Music". The soundtrack of the movie has always been very special to me, in particular the songs: "Something Good" and "My Favorite Things". These songs have always been very inspirational to me, especially during difficult times. This movie made me dream about traveling and going places. I had the blessing of fulfilling my dream when in December of 2015 I was able to travel to Salzburg (Austria) with my husband and daughter and visit the places where the movie was shot. I give thanks to God for having blessed such a wonderful time in Europe. I dream to travel to Israel and visit the Holy Land and the historical sights associated with the life of Jesus.
